REISS Avaro
Efficient through dynamics.

REISS

STAND-SIT-WORKSTATIONS

One for all.

REISS Avaro offers an optimal solution for every workplace and the most diverse requirements. With its ergonomic design, optional round or square column profile, a variety of tabletop shapes, fixed-height or height-adjustable tables, you can set up workplaces that are both functional and individualised. With various conference tables, meeting extensions and the option of coupling tables, REISS Avaro allows you to create office environments according to the requirements profile of the workstations and in a uniform design language.

AT A GLANCE

I Working tables with a variety of table top shapes

I Different column profiles, rectangular, square or round

I Height adjustment – fixed height, height-adjustable in the sitting range, motorised height-adjustable in the stand-sit range

I Extension elements and meeting extensions

I Conference tables

Square, practical, better.

Sometimes things have to be more sophisticated. And this is when everything points to the REISS Avaro Q. It is the multi-talent in the REISS Avaro family. From desks and conference tables in fixed height to stand-sit desks with motorised height adjustment, it offers a suitable workstation for every requirement profile. An optional adapter for its square column allows the REISS Avaro Q to be variably expanded as a communication workstation. With the option to couple desks and integrate privacy screens, team workplaces can be created that promote direct exchange and at the same time provide privacy. With the REISS Avaro Q you can simply make more of your office in no time at all.

HIGHLIGHTS AND OPTIONS

I Square column profile (70 x 70 mm)

I Table top with sliding table function

I Optionally integrated desk screens for privacy

I Smart cable management

I Workstations with fixed height, height-adjustable in the sitting range or motorised height adjustment in the stand-sit range

STAND-SIT-WORKSTATIONS

I Safety with sensitive, sensory collision protection

I Max. load capacity. 100 kg

I Different manual switches for motorised quick adjustment or sensor controlled height adjustment with REISS Touch

I Extension tables possible via adapter

Fixed height
740 mm

Height
650–850 mm

Motorised quick adjustment
650 –1,250 mm
630 –1,280 mm optional

Communication that fits.

The REISS Avaro Q conference tables offer space for creative brainstorming, goal-oriented discussions or online meetings with colleagues and partners. Thanks to various options for electrifying the tables, technical solutions for presentations and video conferences can be easily connected to the table or the laptop can be supplied with power should it take longer.

Fixed height
740 mm

Different table top shapes and large meeting tables with double columns – with REISS Avaro Q you can set accents while maintaining a harmonious look.

Workspaces easily defined.

In combination with acoustic extensions, free-standing acoustic walls, containers or other organisational aids, you can structure open-plan offices and co-working spaces with REISS Avaro Q in a uniform design language and create functional working environments – for undisturbed working, concentrated thinking and creative exchange.

The Avaro Q is also available as a bench solution. You can find more information in the REISS Avaro Q Bench brochure.

All around well shaped.

REISS Avaro R, with a round column profile, is the right choice for those who prefer curves over straight lines. It can do much more. Compared to the REISS Avaro Basic, it can carry 30 kg more load. With its piezo sensors, it creates more safety with regard to sensitive collision protection.

The adjustment range of 630 to 1,280 mm and the two visible interior columns in chrome optic are optionally available. Excellent arguments for a well-rounded thing.

Motorised quick adjustment
650 – 1,250 mm
630 – 1,280 mm optional

HIGHLIGHTS AND OPTIONS

l   Round column profile (Ø 70 mm)
l   Max. load capacity 100 kg
l   Four different manual switches for motorised quick adjustment and customized configurations
l   Interior columns in chrome optics
l   Safety via piezo sensor with sensitive collision protection
l   Table top with sliding table function
l   Smart cable management
l   Optionally integrated desk screen for privacy

Motorised quick adjustment

650 – 1,250 mm

Dynamic for novices.

The REISS Avaro Basic is the perfect entry into the world of stand-sit ergonomics. With an attractive price-performance ratio, it offers you all the comfort of a stand-sit desk. Motorised quick adjustment allows you to set up your workstation optimally for sitting and standing activities in no time at all. The collision protection provides safety when moving the desk.

HIGHLIGHTS AND OPTIONS

l Rectangular column profile (80 x 50 mm)

l Max. load capacity 70 kg

l Different manual switches for motorised quick adjustment and customized configurations

l More safety via collision protection

l Table top with sliding table function

l Smart cable management

l Optionally integrated desk screen for privacy

REISS

All stand-sit-desks from REISS have been awarded the GS certificate .

TABLE VARIANTS

REISS Avaro Q
Column square 70 x 70 mm

Variants:
4.0 table top 740 mm
3.0 adjustable in increments, no tools required   650– 850 mm
2.0 adjustable via crank lever 630–870 mm

2.2 Motorised quick adjustment 650 – 1,250 mm
or 630 – 1,280 mm (optional)

REISS Avaro R
Column round Ø 70 mm

Variants:
2.2 Motorised quick adjustment 650 – 1,250 mm
or 630 – 1,280 mm (optional)

REISS Avaro Basic
Column Rectangle 80 x 50 mm

Variants:
2.2 Motorised quick adjustment 650 – 1,250 mm

MANUAL SWITCH – MOTORISED TABLES

Standard:
Intuitively operated manual switch for up/ down function (HS3)

Manual switch with up/ down buttons (HS1)

Intuitively operated manual switch with memory function through light bar, 4 memory positions, display and Bluetooth© for Desk Control App (HS4)

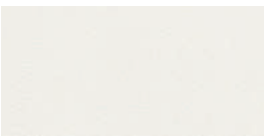

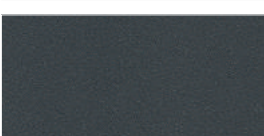

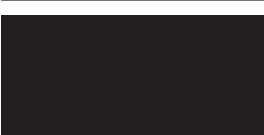

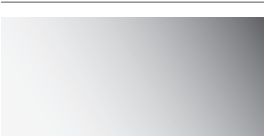

Manual switch with up/ down buttons, 3 memory positions, display with height positions (HS7)

Manual switch with up/down buttons, 4 memory positions, display with height positions, insertable (HS9)

Only for REISS Avaro Q/R:
Switchless height adjustment with an intuitive wearless and key-free sensor (HS10)

Electrification

Examples

Electrification module, closed, available in silver RAL 9006, black RAL 9011 or chrome, in various widths

Electrification module, foldable, in various configurations and widths, Ex.: EM7

Socket outlets with earthing contact, can be mounted on the tabletop, in various versions and widths, Ex.: DE - 1

V-shaped cable routing

Cable outlet, round, Ø 80 mm

Cable routing module REISS CONNECT 8

SQ8 electrification module with Qi charging function, sliding cover as inductive charging station, 1 x earthing contact plug, 1 x Ethernet (CAT6RJ45), 1 x USB 3.0, in black or white

EVOLine Qi Charger, inductive charging, installation under the table top, for rectangular tables REISS Avaro 4.0, 3.0 and 2.2

Overview

Ref.	Equipment	Compatibility
KM	Cable entry module, foldable	Conference tables
EM2	Electrification module, foldable 3 x earthing contact plug	Conference tables
EM7	Electrification module, foldable 2 x safety plugs, 2x Ethernet (CAT6RJ45)	Conference tables
EM5	Electrification module, foldable 1 x safety plug, 2 x Ethernet (CAT6RJ45), 1 x USB 3.0, 1x HDMI	Conference tables
EM6	Electrification module, foldable 1 x safety plug, 2 x Ethernet (CAT6RJ45), 1 x VGA, 1 x mini jack	Conference tables
EML2	Electrification module, foldable 4 x earthing contact plugs, 4 x Ethernet (CAT6RJ45)	Conference tables
EML3	Electrification module, foldable 3 x safety plug, 2 x Ethernet (CAT6RJ45), 1 x VGA, 1 x mini jack	Conference tables
EML4	Electrification module, foldable 3 x earthing contact plug, 2 x Ethernet (CAT6RJ45), 1 x VGA, 1 x mini jack, 1 x USB 3.0	Conference tables
DE - 1	Socket with earthing contact, can be mounted on the table top	Desks, stand-sit desks
DE - 2	Socket outlets with earthing contact, can be mounted on the table top 3 x earthing contact plug, 2 x Ethernet (CAT6RJ45)	Desks, stand-sit desks
DE - 3	Socket outlet with earthing contact, can be mounted on the desk top 3 x earthed plug, 1 x Ethernet (CAT6RJ45), 1 x USB 3.0	Desks, stand-sit desks
DE - 4	socket outlet with earthing contact, can be mounted on the desk top 3 x earthing contact plug, 2 x Ethernet (CAT6RJ45), 1 x USB 3.0, 1 x HDMI	Desks, stand-sit desks

Universal space for two workstations REISS Avaro Basic, Q and R for table-table block arrangement

Spacer for two workstations REISS Avaro Basic, Q and R, table-table, linear connection

Spacer for workstations REISS Avaro Basic, Q and R, table-wall

Horizontal cable duct, collapsible (inwards and outwards), vertical cable chain

Cable chain for REISS Avaro Q and R, attached to the horizontal cable duct and the foot extension

AV   EC

Standard foot extension AV, foot extension EC rounded at the front, optional for REISS Avaro Q and R

Valuable locker, lockable

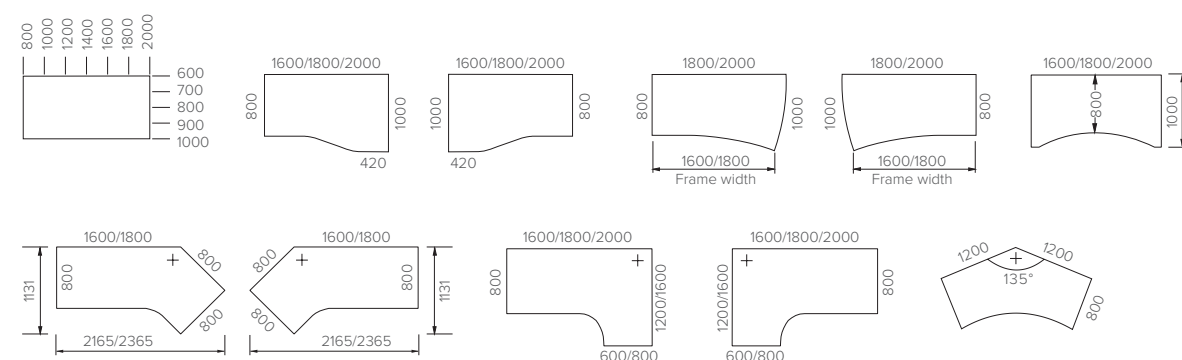

Legroom screen 350 mm high, perforated sheet

CPU holder, fitted on the left or right, inside or outside

Desks REISS Avaro Q 4.0, fixed height 740 mm
Desks REISS Avaro Q 3.0, height adjustable 650−850 mm
